

Easily Scale Seminary-quality Biblical Education Across Your Church.

Bible Journey is a comprehensive and immersive online Bible curriculum taught by Gordon Conwell professor Dr. Tim Laniak, covering Genesis to Revelation. It allows students to learn at their own pace, where and when they want, delivering compact lectures, immersive 360° on-site videos in the holy land, and an inductive learning structure that encourages churches to deeply engage with Scripture.

Bible Journey is Biblical Immersion

Become immersed in biblical history and culture, while conversing with the global church. Tour where David shepherded, walk where Jesus walked, examine where Lazarus rose from the dead, and much more.

While Bible Journey is taught by a seminary professor, it is still accessible to all learners—even new Christians. We present the full biblical story from

history to geography, archeology to anthropology, missiology to theology and more, all while discovering the ongoing impact of the Bible today.

Equipping the Saints

We seek to equip churches to develop disciples who are biblically literate, holistically engaged with the Bible, and are able to understand, interpret, and teach the Bible.
